INTERSTATE 10 AND STATE ROUTE 91 OVERCROSSING PRESERVATION PROJECT COMPLETE

RIVERSIDE/SAN BERNARDINO – The California Department of Transportation (Caltrans) announces the completion of the \$3 million Interstate 10 (I-10) and State Route 91 (SR-91) Overcrossing Preservation Project. The project preserves three overcrossing in the City of Riverside and one overcrossing in the City of Fontana. Each overcrossing received a pressure wash, spot blast cleaning, and new paint. The work was necessary to extend the life-cycle of each structure.

The contract, awarded to C.L. Industrial Coatings, Inc. began April 18, 2016 and was expected to last for approximately 12 months. Construction concluded on September 17, 2016, approximately 7 months ahead of schedule due to full closures of the undercrossing roadways.

The overcrossings which were preserved are listed below:

Undercrossing	Location	Closure Dates
Mission Inn	City of Riverside	April 18 to June 27, 2016
Brockton	City of Riverside	June 27 to July 27, 2016
3 rd Street	City of Riverside	May 9 to July 1, 2016
Valley Blvd	City of Ontario	July 27 to September 17, 2016

Caltrans would like to thank the motoring public for their patience during construction activities.
